Technical Skills

Testing Tools: Manual Testing, Test Case Design, Bug Reporting (JIRA, Bugzilla), Regression Testing, Smoke Testing
Automation Basics: Selenium (Beginner), Postman for API Testing (Basic)
Languages/Technologies: HTML, SQL (Basic), Java (Basic Concepts)
Productivity Tools: MS Word, MS Excel (Formulas, Data Filtering, Formatting)
Platforms: Windows, Web Applications, Mobile Apps

Projects

E-Commerce Website Testing | *Manual Testing* <div align="right">**Jan 2025**</div>
- Performed functional, UI, and regression testing for an e-commerce platform with features like user login, cart, and checkout.
- Designed and executed 50+ test cases to verify core functionalities across different browsers.
- Logged and tracked bugs using JIRA, collaborated with dev team for resolution.

Banking Web App Testing | *Manual Testing + Basic Selenium* <div align="right">**March 2025**</div>
- Created test scenarios to validate login, fund transfer, and account summary modules.
- Used Selenium (basic scripts) to automate login and form submission.
- Reported bugs with proper severity and priority to mimic real-world QA process.

API Testing with Postman | *REST API Testing* <div align="right">**May 2025**</div>
- Tested sample REST APIs for CRUD operations.
- Validated responses, status codes, and headers using Postman tests.
- Created basic test suites and used environments for different base URLs.

Education

PSEB <div align="right">**April 2016 – March 2017**</div>
10TH <div align="right">*Sangrur, Punjab*</div>

PSEB <div align="right">**April 2018 – March 2019**</div>
12th , Commerce with Mathematics <div align="right">*Sangrur, Punjab*</div>

Govt.College of Karamsar(Punjab University) <div align="right">**July 2019 – June 2022**</div>
Bachelor of Arts(Mathematics, Computer Science) <div align="right">*Ludhiana, Punjab*</div>

IGNOU <div align="right">**july 2022 – August 2025**</div>
Master of Computer Applications <div align="right">*Dehli, India*</div>

Certifications

- Manual Testing Course – QSpiders (2024)
- Introduction to Selenium Automation – Udemy (2025)
- API Testing with Postman – Coursera (2025)
